

On Sunday afternoon 6 February we held the annual Christingle service in the Cathedral. Three Nicosia Schools participated this year, The English School Junior Choir, the AISC Middle School Choir and the Senior School Junior Choir. More

than 100 children from the three schools were involved. All the choirs sang beautifully to a packed – and very appreciative – congregation (standing room only at the back!). The First Nicosia Brownies also participated in the service, doing the Readings and taking the collection. Following the service delicious refreshments were provided by the ladies from the St Paul's

Social Committee in the Church Hall. The collection during the service raised a total of 310 euro which this year will be donated to Cans for Kids. This money will be put towards the cost of their next donation to the children's ward at the Makarios Hospital, a volumetric infusion pump and three infusion syringe pumps for the neonatal intensive care unit.
